PROXY STATEMENT FOR 2013 ANNUAL MEETING OF STOCKHOLDERS

The enclosed proxy is solicited on behalf of the board of directors of Pandora Media, Inc. (“Pandora”) for use at our 2013 annual meeting of stockholders, or at any postponement or adjournment of the meeting.

These proxy solicitation materials are first being made available on or about April 24, 2013, together with our Annual Report on Form 10-K for the fiscal year ended January 31, 2013 (“Annual Report”), to all stockholders of record at the close of business on April 10, 2013.

ABOUT THE MEETING

When and where is the meeting being held?

Our annual meeting of stockholders for 2013 is being held on June 5, 2013 beginning at 8:00 a.m. Pacific Time at the Waterfront Hotel, 10 Washington Street, Oakland, CA 94607.

What is the purpose of the annual meeting?

At our 2013 annual meeting, stockholders will act on the matters outlined in the notice of annual meeting on the cover page of this proxy statement, namely,

- the election of two Class II directors to serve until our 2016 annual meeting of stockholders or until their respective successors are duly elected and qualified;
- the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the current fiscal year; and
- any other matters that may properly be presented at the annual meeting.

Who is entitled to notice of and to vote at the meeting?

You are entitled to receive notice of and to vote at our annual meeting (and any postponements or adjournments of the meeting) if our records indicate that you owned shares of our common stock at the close of business on April 10, 2013, the record date for the meeting. At the close of business on that date, 174,390,303 shares of our common stock were outstanding and entitled to vote. You are entitled to one vote for each share held and you may vote on each matter to come before the meeting.

Why did I receive a notice in the mail regarding Internet availability of proxy materials instead of a paper copy of printed materials?

We are permitted to furnish proxy materials, including this proxy statement and our Annual Report, to our stockholders by providing access to such documents on the Internet instead of mailing printed copies. On or about April 24, 2013, we will mail to our stockholders of record and beneficial owners a Notice of Internet Availability of Proxy Materials (the “Notice”) containing instructions on how to access this proxy statement and our Annual Report via the Internet and vote online. As a result, you will not receive a printed copy of the proxy materials in the mail unless you request a copy. All stockholders will have the ability to access the proxy materials on a website referred to in the Notice and may request a printed set of the proxy materials by mail or electronically from such website. If you would like to receive a printed or electronic copy of our proxy materials,

you should follow the instructions for requesting such materials included in the Notice. By participating in the e-proxy process, we will save money on the cost of printing and mailing documents to you and reduce the impact of our annual stockholders' meetings on the environment.

What is the difference between holding shares as a stockholder of record and as a beneficial owner of shares held in "street name"?

Stockholder of Record. If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered the stockholder of record with respect to those shares, and the Notice will be sent directly to you. As our stockholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the annual meeting. We have enclosed a proxy card for your vote.

Beneficial Owner of Shares Held in Street Name. If your shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, then you are the beneficial owner of shares held in "street name," and the Notice will be forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct that organization on how to vote the shares held in your account. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the annual meeting unless you request, complete and deliver the proper documentation provided by your broker, bank or other holder of record and bring it with you to the meeting.

What is "householding" and how does it affect me?

The Securities and Exchange Commission (the "SEC") has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Pandora stockholders may be "householding" our proxy materials. A single proxy statement may be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you notify your broker or us that you no longer wish to participate in "householding."

If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement and annual report, you may (1) notify your broker, (2) direct your written request to: Pandora Media, Inc., 2101 Webster Street, Suite 1650, Oakland, California 94612, Attention: Investor Relations or (3) contact our Investor Relations department by telephone at (510) 842-6960. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request "householding" of their communications should contact their broker. In addition, we will promptly deliver, upon written or oral request to the address or telephone number above, a separate copy of the annual report and proxy statement to a stockholder at a shared address to which a single copy of the documents was delivered.

If I am a stockholder of record of Pandora shares, how do I vote?

If you are a stockholder of record, you may vote in person at the annual meeting or by proxy on the Internet, by telephone or by mail, all as described below. We recommend that you vote by proxy even if you plan to attend the annual meeting so that your vote will be counted even if you later decide not to attend the meeting. You can always change your vote at the meeting. The Internet and telephone voting procedures are designed to authenticate stockholders and to allow you to confirm that your instructions have been properly recorded. If you vote by telephone or on the Internet, you do not need to return a written proxy card by mail. **The Internet and telephone voting facilities will close at 11:59 p.m., Eastern Time, on June 4, 2013.**

By Internet: You may submit your proxy over the Internet by going to www.proxyvote.com and completing an electronic proxy card in accordance with the instructions provided on the proxy card.

By Telephone: If you have elected to receive printed proxy materials, you may submit your proxy by telephone in accordance with the instructions provided on the proxy card.

By Mail: If you have elected to receive printed proxy materials, you may choose to vote by mail by marking your proxy card, dating and signing it and returning it in the postage-paid envelope provided by following the instructions on the proxy card. If the envelope is missing, please mail your completed proxy card to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717. Please allow sufficient time for mailing if you decide to vote by mail.

In Person: You may vote in person at the annual meeting. We will give you a ballot when you arrive.

If I am the beneficial owner of Pandora shares held in street name, how do I vote?

If you are a beneficial owner of shares held in street name, you may vote in person at the annual meeting or by proxy on the Internet, by telephone or by mail, by following the voting instructions you will receive from the holder of record, which is the brokerage firm, bank, broker dealer, or other similar organization holding your shares. You must follow these voting instructions to vote your shares. If you wish to vote in person at the annual meeting, you must obtain a legal proxy from the holder of record.

Can I change my vote after I have voted?

You may revoke your proxy and change your vote at any time before the proxy is exercised at the meeting. If you are a stockholder of record of Pandora shares, you may change your vote by submitting another proxy on a later date on the Internet or by telephone (only your latest Internet or telephone proxy submitted prior to the meeting will be counted), or by signing and returning a new proxy card with a later date, or by attending the annual meeting and voting in person. Your attendance at the annual meeting will not automatically revoke your proxy unless you vote again at the meeting or specifically request in writing that your prior proxy be revoked by providing a written notice of revocation to our Corporate Secretary at Pandora Media, Inc., 2101 Webster Street, Suite 1650, Oakland, California 94612, Attention: Corporate Secretary. If you are a beneficial owner of Pandora shares, you may change your vote by submitting new voting instructions to the holder of record following the instructions they provided or, if you have obtained a legal proxy from the holder of record giving you the right to vote your shares, by attending the annual meeting and voting in person.

What if I don't give specific voting instructions?

Stockholders of Record: If you are a stockholder of record and you indicate that you wish to vote as recommended by our board of directors, or you return a signed proxy card but do not specify how you wish to vote, then your shares will be voted "FOR" all of the director nominees and "FOR" Proposal 2. If you indicate a choice with respect to any matter to be acted upon on your proxy card, your shares will be voted in accordance with your instructions on such matter.

Beneficial Owner of Pandora Shares Held in Street Name: If you are a beneficial owner of Pandora shares held in street name and do not provide the organization that holds your shares with voting instructions, your broker or other nominee will vote your shares only on those proposals on which it has discretion to vote; if your broker or nominee does not have discretion to vote, your returned proxy will be considered a "broker non-vote." Broker non-votes will be considered as represented for purposes of determining a quorum but are not counted for purposes of determining the number of votes cast with respect to a particular proposal. Your broker or nominee does not have discretion to vote your shares on the non-routine matters such as the election of directors (Proposal 1). However, we believe your broker or nominee does have discretion to vote your shares on routine matters such as the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm (Proposal 2).

What constitutes a quorum?

The meeting will be held if a majority of the shares of common stock issued and outstanding on the record date are present at the meeting, either in person or by proxy. This is called a quorum for the transaction of business. At the record date, there were 174,390,303 shares of common stock issued and outstanding. Accordingly, the presence of the holders of common stock representing at least 87,195,152 shares will be required to establish a quorum.

Your shares will be counted for purposes of determining if there is a quorum if you properly cast your vote in person at the meeting, electronically or telephonically, or a proxy card has been properly submitted by you or on your behalf. Votes “for” and “against,” and proxies received but marked as “abstentions” and “broker non-votes” will each be counted as present for purposes of determining the presence of a quorum.

What vote is required to approve each item?

Proposal 1. Directors are elected by a plurality of votes cast. This means that the two nominees receiving the highest number of affirmative votes of the shares of common stock present in person or represented by proxy and entitled to vote on the item will be elected as the Class II directors.

Proposal 2. The affirmative vote of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on the item will be required to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the current fiscal year (Proposal 2).

If any other matter is properly submitted to the stockholders at the annual meeting, its adoption generally will require the affirmative vote of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on that matter.

How are abstentions and broker non-votes treated?

In accordance with Delaware law, only votes cast “for” a matter constitute affirmative votes. A properly executed proxy marked “abstain” with respect to any matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Abstentions will have the same effect as negative votes for Proposal 2.

If you hold your shares in “street name” through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon, including the election of directors (Proposal 1). Thus, if you do not give your broker or nominee specific instructions with respect to a non-discretionary matter, your shares will not be voted on such matter and will not be counted as shares entitled to vote on such matter. However, shares represented by such “broker non-votes” will be counted in determining whether there is a quorum. As “broker non-votes” are not considered entitled to vote on the item they will have no effect on the outcome other than reducing the number of shares present in person or by proxy and entitled to vote on the item from which a majority is calculated.

What are the recommendations of the board of directors?

Our board of directors recommends that you vote:

“FOR” the election of the two Class II director nominees; and

“FOR” ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2014.

Who will count the vote?

Broadridge Financial Solutions, Inc. will act as the inspector of elections and will tabulate the votes.

When will the voting results be announced?

Preliminary voting results will be announced at the annual meeting and final results will be published in a Current Report on Form 8-K filed within four business days after the annual meeting.

Is Pandora paying the cost of this proxy solicitation?

We will pay the costs of printing, mailing and distributing these proxy materials and soliciting votes. We may request banks and brokers and other custodians, nominees and fiduciaries to solicit their customers who own our shares and will reimburse them for their reasonable out-of-pocket expenses. Our employees, directors, officers and others may solicit proxies on our behalf, personally or by telephone, without additional compensation.

Is the annual meeting being webcast?

Yes. If you choose to listen to the webcast, go to the “Event Calendar” section of our Investor Relations website (<http://investor.pandora.com>) before the meeting time, and follow the instructions for downloading the webcast. If you miss the annual meeting, you can listen to a re-broadcast of the webcast through Friday, July 5, 2013.

YOUR VOTE IS IMPORTANT. WHETHER OR NOT YOU PLAN TO ATTEND THE MEETING, PLEASE VOTE AS SOON AS POSSIBLE.

**PROPOSAL NO. 1
ELECTION OF CLASS II DIRECTORS**

Recommendation of the Board of Directors

*The board of directors recommends that you vote “FOR” the election
of each of the nominated directors as described below.*

Class II Director Nominees

Our certificate of incorporation currently provides for a board of directors divided into three classes, designated Class I, Class II and Class III. On April 8, 2013, Barry McCarthy notified the board of directors that he would not stand for re-election to the board of directors when his current term expires on June 5, 2013, the date of the 2013 annual meeting of stockholders. Consequently, the board of directors determined that the size of the board should be reduced from eight to seven directors and that the directorships designated as Class II should be reduced from three to two, each effective as of June 5, 2013. The two Class II directorships are up for election at the 2013 annual meeting of stockholders. Each person elected as a Class II director at the annual meeting of stockholders will serve a three-year term expiring on the date of the 2016 annual meeting of stockholders or until their respective successors have been duly elected and qualified.

Our board of directors has nominated James M.P. Feuille and Peter Gotcher for election at the 2013 annual meeting of stockholders.

The nominees were selected by the board of directors upon the recommendation of the nominating and corporate governance committee. Each of the nominees has a long record of integrity, a strong professional reputation and a record of entrepreneurial or managerial achievement. The specific experience, qualifications, attributes and skills of each nominee that led the board to conclude that the individual should serve as a director are described in each nominee’s biography below.

Required Vote

Directors are elected by a plurality of the votes cast, and the two nominees who receive the most votes will be elected as Class II directors. Abstentions and broker non-votes will not be taken into account in determining the outcome of the election.

<i>James M.P. Feuille</i>	Director since October 2005
<i>Peter Gotcher</i>	Director since September 2005

Continuing Class III Directors (Terms Expiring on the Date of the 2014 Annual Meeting of Stockholders)

<i>Peter Chernin</i>	Director since January 2011
<i>Joseph Kennedy</i>	Director since July 2004
<i>Tim Westergren</i>	Director since January 2000

Continuing Class I Directors (Terms Expiring on the Date of the 2015 Annual Meeting of Stockholders)

<i>Robert Kavner</i>	Director since March 2004
<i>David Sze</i>	Director since May 2009

Set forth below is each director's and each director nominee's name and age as of the record date and his or her principal occupation, business history and public company directorships held during the past five years.

Peter Chernin, age 61, has served on our board of directors since January 2011. Mr. Chernin currently owns and runs Chernin Entertainment, which produces motion pictures and television programs, and The Chernin Group, which pursues strategic opportunities in media, technology and entertainment. From 1996 to 2009, Mr. Chernin held various positions at News Corporation, most recently as president and chief operating officer, and as chairman and chief executive officer of The Fox Group, a subsidiary of News Corporation, where he oversaw the global operations of the company's film, television, satellite, cable and digital media businesses. Prior to that, Mr. Chernin headed Twentieth Century Fox Filmed Entertainment and, earlier, the Fox Broadcasting Company. Prior to joining News Corporation, Mr. Chernin served as president and chief operating officer of Lorimar Film Entertainment, a television production company. Mr. Chernin currently serves on the board of directors of American Express, a diversified financial services company, and has previously served on the boards of directors of various companies in the media industry and the tech industry, including News Corporation, Fox Entertainment Group, Gemstar-TV Guide International, E*Trade and DIRECTV. Mr. Chernin holds a Bachelor of Arts in English Literature from the University of California at Berkeley. We believe that Mr. Chernin is qualified to serve on our board of directors due to his operating and management experience at a global media corporation, his expertise in online and mobile markets and other new technologies, and his service on the boards of directors of a range of public and private companies.

James M. P. Feuille, age 55, has served on our board of directors since October 2005. Mr. Feuille currently serves as a general partner with Crosslink Capital, an investment and venture capital management company, where he focuses on investments in digital media, internet services, and software and business services. Mr. Feuille has been affiliated with Crosslink Capital since November 2002 and has been a general partner since January 2005. Prior to joining Crosslink Capital, Mr. Feuille served as global head of technology investment banking at UBS Warburg, a business group of a global financial services firm, chief operating officer at Volpe Brown Whelan & Company, and head of technology investment banking at Robertson Stephens & Company. Mr. Feuille currently serves on the boards of directors of a number of privately-held companies. Mr. Feuille holds a Bachelor of Arts degree in Chemistry from Dartmouth College and a Juris Doctor degree and a Master of Business Administration from Stanford University. We believe that Mr. Feuille is qualified to serve on our board of directors due to his experience with the venture capital industry and a wide variety of internet and technology companies, as well as the perspective he brings as an affiliate of one of our major stockholders.

Peter Gotcher, age 53, has served on our board of directors since September 2005. Mr. Gotcher is an independent private investor focusing on investments in digital media technology companies. Mr. Gotcher was a venture partner with Redpoint Ventures, a private investment firm from September 1999 to June 2002. Prior to that, Mr. Gotcher was a venture partner with Institutional Venture Partners, a private investment firm, from 1997 to September 1999. Mr. Gotcher founded Digidesign, a manufacturer of digital audio workstations, and served as its president, chief executive officer and chairman of the board of directors of from 1984 to 1995. Digidesign was acquired by Avid Technology, a media software company, in 1995 and Mr. Gotcher served as the general manager of Digidesign and executive vice president of Avid Technology from January 1995 to May 1996. Mr. Gotcher currently serves as Chairman of the board of directors of Dolby Laboratories and serves on the boards of directors of a number of privately-held companies. Mr. Gotcher holds a Bachelor of Arts degree in English literature from the University of California at Berkeley. We believe that Mr. Gotcher should serve on our board of directors due to his broad understanding of the operational, financial and strategic issues facing public companies and his background providing guidance and counsel to companies in the digital media industry.

Robert Kavner, age 69, has served on our board of directors since March 2004 and as lead independent director since March 2010. Since 1995, Mr. Kavner has been an independent venture capital investor focusing on investments in technology companies. From January 1996 through December 1998, Mr. Kavner served as president and chief executive officer of On Command Corporation, a provider of on-demand video systems for the hospitality industry. From 1984 to 1994, Mr. Kavner held several senior management positions at AT&T, a

provider of telecommunications services, including senior vice president, chief financial officer and chief executive officer of Multimedia Products and Services Group and chairman of AT&T Venture Capital Group. Mr. Kavner also served as a member of AT&T's executive committee. Mr. Kavner served on the board of directors of Earthlink, an internet service provider, from 2001 to 2008, and currently serves on the boards of directors of a number of privately-held companies. Prior to joining AT&T, Mr. Kavner was a partner of PricewaterhouseCoopers. Mr. Kavner received a Bachelor of Arts degree in business management from Adelphi University. We believe that Mr. Kavner is qualified to serve on our board of directors due to his extensive background in and experience with technology companies, his service on the boards of directors of a range of public and private companies and his background in public accounting.

Joseph Kennedy, age 53, has served as our chief executive officer and president, as well as a member of our board of directors, since July 2004 and as chairman of our board of directors since August 2005. From 1999 to 2004, Mr. Kennedy served as president and chief operating officer of E-LOAN, an online financial services company. Prior to that, Mr. Kennedy served in various positions in sales and marketing at Saturn Corporation, an automobile manufacturer, most recently as the vice president of sales, service and marketing from 1995 to 1999. Mr. Kennedy currently serves on the board of directors and compensation committee of RingCentral, Inc., a private cloud computing telecommunications company. Mr. Kennedy holds a Bachelor of Science degree in electrical engineering and computer science from Princeton University and a Master of Business Administration from Harvard Business School. We believe that Mr. Kennedy is qualified to serve on our board of directors due to the perspective, experience and operational expertise he brings as our chief executive officer and his background in the internet industry.

David Sze, age 47, has served on our board of directors since May 2009. Mr. Sze currently serves as a partner with Greylock Partners, a private investment firm, where his investment focuses include consumer internet and service, media convergence, wireless data and technology-assisted marketing services. Before joining Greylock in 2000, Mr. Sze was senior vice president of product strategy at Excite and then Excite@Home, an internet portal company. As an early employee at Excite, Mr. Sze also held roles as general manager of Excite.com and vice president of content and programming for the Excite Network. Prior to that, Mr. Sze was in product marketing and development at Electronic Arts and Crystal Dynamics, respectively. He started his career in management consulting for Marakon Associates and The Boston Consulting Group, and also spent time at HBO. Mr. Sze currently serves on the board of directors of LinkedIn Corporation, a professional social networking internet service, and serves on the boards of directors of several private companies. Mr. Sze holds a Bachelor of Arts degree from Yale University and a Master of Business Administration from Stanford University. Mr. Sze is also a Trustee of The Rockefeller University. We believe that Mr. Sze is qualified to serve as a director on our board of directors due to his extensive background and operational experience with internet and technology companies.

Tim Westergren, age 47, one of our founders, served as our chief creative officer and treasurer from February 2000 to May 2002, and as our chief executive officer and president from May 2002 to July 2004, when he assumed his current role as our chief strategy officer. He has served as a member of our board of directors from the company's inception. Prior to founding our company, Mr. Westergren worked as an independent musician, composer and record producer and has over 20 years of experience in the music industry. Mr. Westergren holds a Bachelor of Arts degree from Stanford University, where he studied computer acoustics and recording technology. We believe that Mr. Westergren is qualified to serve on our board of directors based on his historic knowledge of our company as one of our founders, the continuity he provides on our board of directors, his strategic vision for Pandora and his background in technology and music.

BOARD OF DIRECTORS

Board Composition

Our business and affairs are managed under the direction of our board of directors. The current members of the board of directors are Joseph Kennedy, Peter Chernin, James M. P. Feuille, Peter Gotcher, Robert Kavner, Barry McCarthy, David Sze and Tim Westergren.

Our board of directors is divided into three classes with staggered three-year terms. Only one class of directors is elected at each annual meeting of our stockholders, with the other classes continuing for the remainder of their respective three-year terms. Our directors are divided among the three classes as follows:

- the Class I directors are Messrs. Kavner and Sze, and their terms will expire at the annual meeting of stockholders to be held in 2015;
- the Class II directors are Messrs. Feuille, Gotcher and McCarthy, and their terms will expire at the annual meeting of stockholders to be held in 2013; and
- the Class III directors are Messrs. Chernin, Kennedy and Westergren, and their terms will expire at the annual meeting of stockholders to be held in 2014.

Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of our directors.

On April 8, 2013, Barry McCarthy notified the board of directors that he would not stand for re-election to the board of directors when his current term expires on June 5, 2013, the date of the 2013 annual meeting of stockholders. Consequently, the board of directors determined that the size of the board should be reduced from eight to seven directors and that the directorships designated as Class II should be reduced from three to two, each effective as of June 5, 2013, all in accordance with our bylaws and certificate of incorporation.

Board Meetings

The board of directors held six meetings in fiscal 2013. Under our corporate governance guidelines, directors are expected to be active and engaged in discharging their duties and to keep themselves informed about our business and operations. Directors are expected to attend all meetings of the board of directors and the meetings of each committee on which they serve and to prepare themselves for those meetings. During fiscal 2013, each of our directors attended at least 75% of the total number of meetings of the board of directors and the total number of meetings held by each committee on which such director served, except for Messrs. Chernin and Westergren, who each attended 66.6% of such meetings. In addition, under our corporate governance guidelines, directors are encouraged, but not required, to attend the annual meeting of stockholders.

Board Committees

Our board of directors currently has three standing committees: the audit committee, the compensation committee and the nominating and corporate governance committee. Each member of these committees is independent as defined by applicable NYSE and SEC rules and each of these committees has a written charter approved by the board of directors. Under our corporate governance guidelines, committee members are appointed by the board of directors based on the recommendation of the nominating and corporate governance committee, except that members of the nominating and corporate governance committee are appointed by the independent members of the board of directors. The current members of the committees are as follows:

<u>Director</u>	<u>Audit</u>	<u>Compensation</u>	<u>Nominating and Corporate Governance</u>
James M. P. Feuille		✓(Chair)	✓
Peter Gotcher		✓	✓(Chair)
Robert Kavner	✓	✓	✓
Barry McCarthy	✓(Chair)		
David Sze	✓		

Mr. McCarthy has decided not to stand for re-election to the board of directors when his current term expires on June 5, 2013, the date of the 2013 annual meeting of stockholders.

Audit Committee. The primary functions of the audit committee are:

- overseeing management’s maintenance of the reliability and integrity of our accounting policies and financial reporting and our disclosure practices;
- overseeing management’s establishment and maintenance of processes to assure that an adequate system of internal control is functioning;
- reviewing our annual and quarterly financial statements prior to their filing and prior to the release of earnings;
- serving as a qualified legal compliance committee to review reports of violations of law; and
- appointing and evaluating the independent registered public accountants and considering and approving any non-audit services proposed to be performed by the independent registered public accountants.

A detailed list of the audit committee’s functions is included in its charter which is available on our Investor Relations website (<http://investor.pandora.com>) in the “Corporate Governance” section.

The audit committee currently consists of Messrs. Kavner, McCarthy and Sze with Mr. McCarthy serving as the committee’s chairperson. Our board of directors has determined that each member of the committee is “independent” as defined under the NYSE listing standards, Rule 10A-3(b)(1) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”) and our corporate governance guidelines, and that each member of the audit committee meets the requirements for financial literacy under the applicable rules and regulations of the SEC and the NYSE. Our board of directors has determined that each member of the committee is an audit committee “financial expert,” as that term is defined by the applicable rules of the SEC. The audit committee held six meetings during fiscal 2013. The Audit Committee Report for fiscal 2013 is included below.

Compensation Committee. The primary functions of the compensation committee are:

- approving, or recommending to the board of directors, compensation for our executive officers;
- evaluating the performance of our executive officers;
- reviewing key employee compensation policies, plans and programs;

- preparing recommendations and periodic reports to the board of directors concerning these matters; and
- administering our equity incentive plans.

A detailed list of the compensation committee’s functions is included in its charter which is available on our Investor Relations website (<http://investor.pandora.com>) in the “Corporate Governance” section.

The compensation committee currently consists of Messrs. Feuille, Gotcher and Kavner, with Mr. Feuille serving as the committee’s chairperson. Our board of directors has determined that each member of the committee is “independent” within the meaning of the NYSE listing standards and our corporate governance guidelines. The compensation committee held nine meetings during fiscal 2013. The Compensation Committee Report for fiscal 2013 is included below. The compensation committee has full authority to determine and approve executive officer compensation. It may delegate some of its authority to a sub-committee but may not delegate authority with respect to executive officer compensation except to an independent committee. For further information about the compensation committee’s process for determining executive compensation, including the role of the compensation committee independent consultant, Frederic W. Cook, see “Compensation Discussion and Analysis” below.

Nominating and Corporate Governance Committee. The primary functions of the nominating and corporate governance committee are:

- recommending persons to be selected by the board as director nominees and to fill any vacancies on the board of directors;
- considering and recommending to the board of directors qualifications for directors and policies concerning the term of office of directors and the composition of the board of directors;
- approving or recommending to the board of directors compensation of non-employee directors; and
- considering and recommending to the board of directors other actions relating to corporate governance.

A detailed list of the nominating and corporate governance committee’s functions is included in its charter which is available on our Investor Relations website (<http://investor.pandora.com>) in the “Corporate Governance” section.

The nominating and corporate governance committee currently consists of Messrs. Feuille, Gotcher and Kavner, with Mr. Gotcher serving as its chairperson. Our board of directors has determined that each member of the committee is “independent” within the meaning of the NYSE listing standards and our corporate governance guidelines. The nominating and corporate governance committee held five meetings in fiscal 2013.

We provide information regarding the assumptions used to calculate the value of the equity awards in note 8 to the notes to our financial statements. There can be no assurance that awards will vest or options will be exercised (in which case no value will be realized by the individual), or that the value upon exercise or vesting, as applicable, will approximate the aggregate grant date fair value. Each of the stock awards granted in fiscal 2013 represents 13,673 RSUs granted on June 6, 2012 when the closing price of our stock was \$10.97.
- (2) As of January 31, 2013, each non-employee director held the following number of outstanding stock options and unvested stock awards: Mr. Chernin: 13,673 RSUs and 125,000 unvested shares (resulting from the early exercise of stock options, which shares have been transferred to The Chernin Group); Mr. Feuille: 13,673 RSUs; Mr. Gotcher: 13,673 RSUs and 58,334 unvested shares (resulting from the early exercise of stock options); Mr. Kavner: 13,673 RSUs and 200,000 stock options; Mr. McCarthy: 13,673 RSUs and 125,000 unvested shares (resulting from the early exercise of stock options); and Mr. Sze: 13,673 RSUs.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

Our board of directors has approved corporate governance guidelines for Pandora, which are available on our Investor Relations website (<http://investor.pandora.com>) in the “Corporate Governance” section. These corporate governance guidelines establish the practices of our board of directors with respect to:

- Board composition and size;
- Director qualifications and responsibilities;
- Board meetings and agenda, including meetings of non-management directors;
- Board leadership structure;
- Board committees;
- Board member access to management and independent advisors;
- Director compensation;
- Director orientation and continuing education;
- Management evaluation and management succession; and
- Performance evaluation of the board of directors, its committees and individual directors.

The nominating and corporate governance committee is responsible for overseeing compliance with our corporate governance guidelines, reviewing and reassessing the adequacy of the guidelines at least annually and recommending any proposed changes to our board of directors.

Board Leadership Structure

Our board of directors is committed to strong, independent leadership and believes that objective oversight of management performance is a critical aspect of effective corporate governance. A substantial majority of our board members are independent directors, under NYSE listing standards, SEC rules and our corporate governance guidelines; our standing board committees (audit, compensation and nominating and corporate governance) are comprised solely of and chaired by independent directors; and, our independent directors meet in regularly scheduled executive sessions without management in connection with our regularly scheduled meetings of the board of directors.

Our board of directors is responsible for determining its leadership structure. Currently, the chairman of the board of directors, Mr. Kennedy, also serves as our chief executive officer and president. The board of directors believes that our company and our stockholders are best served by maintaining the flexibility to have any person serve as chairman of the board based on what is in the best interests of our company and our stockholders at a given point in time, and therefore the board of directors does not support placing restrictions on who may serve as its chairman. Our corporate governance guidelines provide that one of our independent directors should serve as a lead independent director at any time when the chief executive officer serves as the chairman of the board, or if the chairman of the board is not otherwise independent. Because Mr. Kennedy is our chairman, chief executive officer and president, the independent members of our board of directors have appointed Mr. Kavner as lead independent director to preside over periodic executive sessions of our independent directors, serve as a liaison between our chairman and the independent directors and perform such additional duties as set forth in our corporate governance guidelines and as our board of directors may otherwise determine and delegate. Mr. Kavner has served as our lead independent director since March 2010.

Our board of directors regularly deliberates and discusses its appropriate leadership structure and the role and responsibilities of the chairman of the board and the lead independent director based upon the needs of our company to provide effective, independent oversight of management performance.

Board's Role in Risk Oversight

While management is responsible for the day-to-day supervision of risks facing our company, the board of directors, as a whole and through its committees, has the ultimate responsibility for the oversight of risk management. The board of directors' oversight areas of focus include, but are not limited to succession planning with respect to our chief executive officer and other members of senior management, managing our long-term growth and strategic and operational planning.

The board of directors has delegated to certain committees oversight responsibility for those risks that are directly related to their areas of focus. For example, the audit committee coordinates the board of directors' oversight of our company's internal control over financial reporting and disclosure controls and procedures and periodically reports to the board of directors on any issues that arise with respect to the quality or integrity of our financial statements, our compliance with legal or regulatory requirements, the independence and performance of our independent auditor and the performance of the internal audit function. In addition, the compensation committee assists the board of directors in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation programs. The nominating and corporate governance committee assists the board in fulfilling its oversight responsibilities with respect to the management of risks associated with our overall governance practices and the leadership structure of the board of directors (as further described under "Corporate Governance-Board Leadership Structure"). Our board of directors is kept informed of each committee's risk oversights and other activities via regular reports of the committee chairs to the full board of directors.

Compensation Committee Interlocks and Insider Participation

None of the members of our compensation committee during fiscal 2013 has, at any time, been an officer or employee of Pandora. During fiscal 2013, none of our executive officers served on the compensation committee or board of any other company whose executive officers serve as a member of our board or compensation committee, and no compensation committee member had any relationship requiring disclosure under Item 404 of Regulation S-K.

Director Independence

As required by the NYSE listing standards and our corporate governance guidelines, a majority of the board of directors is "independent" within the meaning of such standards and guidelines. The board of directors is required to make an affirmative determination at least annually as to the independence of each director. If the director nominees are elected at the 2013 annual meeting of stockholders, the board of directors will be composed of two management directors (Messrs. Kennedy and Westergren) and five independent directors (excluding Mr. McCarthy, who has decided not to stand for re-election to the board of directors when his current term expires on June 5, 2013, the date of the 2013 annual meeting of stockholders). The board has determined that each of the following six directors is independent (as defined by NYSE listing standards and our corporate governance guidelines): Messrs. Chernin, Feuille, Gotcher, Kavner, McCarthy, and Sze; and that, therefore, all directors who serve on the Audit, Compensation and Nominating and Corporate Governance Committees are independent under the NYSE listing standards.

Under our corporate governance guidelines, executive sessions of independent directors are held in connection with regularly scheduled meetings of the board of directors and at other times as necessary, and are chaired by the lead independent director. Our independent directors confer after each regularly scheduled meeting of the board of directors to discuss the need for executive sessions and held four executive sessions in fiscal 2013.

Director Nominations

General Criteria and Process

The nominating and corporate governance committee is responsible for identifying, reviewing and evaluating candidates to serve on our board of directors and reports to the board of directors regarding its conclusions and recommendations. In identifying and evaluating director nominees, the nominating and

corporate governance committee will consider the membership criteria approved by the board of directors and described below, taking into account potential conflicts of interest, the enhanced independence, financial literacy and financial expertise standards that may be required under applicable SEC regulations, NYSE listing standards or our corporate governance guidelines, as well as the current challenges and needs of the board of directors. In evaluating director nominees, the nominating and corporate governance committee evaluates all candidates under consideration as it deems appropriate.

The nominating and corporate governance committee charter requires that the committee recommend, and that the board of directors approve, criteria for the selection of candidates to the board of directors and its committees. The nominating and corporate governance committee and the board of directors have established the following criteria for board of directors and committee membership:

- review of each director’s core competencies, independence, level of commitment, qualities, performance and professional responsibilities;
- the composition of the board of directors and committees in light of the current challenges and needs of the board of directors and its committees, including issues of judgment, diversity, age, skills, background and experience;
- each director’s tenure and whether new perspectives are adequately represented on the board of directors; and
- the impact of any change in the principal occupation of existing directors.

The nominating and corporate governance committee does not assign specific weights to particular criteria. Rather, the board of directors believes that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of judgment, diversity of skills and background, age, prior performance and experience that will allow the board of directors to fulfill its responsibilities.

Stockholder Nominations and Bylaw Procedures

Stockholders may nominate directors for election at our annual meeting of stockholders by following the provisions set forth in our bylaws, including giving timely notice to our Corporate Secretary at Pandora Media, Inc., 2101 Webster Street, Suite 1650, Oakland, California 94612, Attention: Corporate Secretary. The notice must include information specified in our bylaws, including information concerning the nominee that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act, and information about the stockholder’s ownership of and agreements related to our stock. The deadline for timely receiving stockholder nominations is disclosed elsewhere in this proxy statement under the caption “Deadline for Receipt of Stockholder Proposals.”

At this time, our nominating and corporate governance committee does not have a formal policy with regard to the consideration of director candidates recommended by stockholders. The board of directors does not believe that a formal policy is merited because the evaluation of potential members of the board of directors is by its nature a case-by-case process based on the composition of the board of directors and the needs and status of our company at the time. Accordingly, the board of directors, or upon delegation, the nominating and corporate governance committee, would consider any such recommendations on a case-by-case basis in their discretion, and, if accepted for consideration, would evaluate any such nominee based on the membership criteria set forth under “Director Nominations-General Criteria and Process” above.

Communications with the Board of Directors

Stockholders and other parties interested in communicating directly with the board of directors or specific members of the board of directors may do so by writing to: Pandora Media, Inc., 2101 Webster St., Suite 1650, Oakland, CA 94612, Attn: General Counsel, noting the name and address of the stockholder on whose behalf the

communication is sent and the number of shares of Pandora stock that are owned beneficially by such stockholder as of the date of the communication. Stockholders and other interested parties seeking to communicate directly and confidentially with our company's independent directors should indicate that the message is intended for the lead independent director.

Pursuant to our stockholder communications policy, a copy which is available on our Investor Relations website (<http://investor.pandora.com>) in the "Corporate Governance" section, the general counsel reviews all correspondence received by us and addressed to members of the board of directors and submits to the appropriate members of the board of directors all correspondence that, in the opinion of the general counsel, warrants the members' attention. The general counsel also provides the board of directors a report on a quarterly basis of any stockholder communications received for which the general counsel has determined no response is necessary. The general counsel may also, where the nature of a communication warrants, determine, in his or her judgment, to obtain the more immediate attention of the appropriate committee of the board of directors, a director, an independent advisor or Pandora management.

Code of Business Conduct and Ethics

Our board of directors has adopted a code of business conduct and ethics that applies to all of our employees, officers and directors, including those officers responsible for financial reporting. The code of business conduct and ethics is available on our Investor Relations website (<http://investor.pandora.com>) in the "Corporate Governance" section. We expect that any amendments to the code, or any waivers of its requirements, will be disclosed on our website.

Transactions in Company Securities

We prohibit our directors and officers from trading equity derivatives such as options related to our stock and engaging in short sales or otherwise engaging in hedging transactions with respect to our securities.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers and directors and persons who beneficially own more than ten percent of our common stock to file with the SEC initial reports of beneficial ownership and reports of changes in beneficial ownership of common stock. Executive officers, directors and ten percent stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. As a matter of practice, we generally assist our executive officers and certain directors in preparing initial ownership reports and reporting ownership changes and we typically file these reports on their behalf. Based solely on our review of copies of any Section 16(a) forms received by us or written representations that no other reports were required, we believe that all of our executive officers, directors and ten percent stockholders complied during fiscal 2013 with the reporting requirements of Section 16(a) of the Exchange Act.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following discussion relates to the compensation of our named executive officers whose compensation is disclosed below under “Summary Compensation Table,” as well as the overall principles underlying our executive compensation policies. Our named executive officers for our fiscal year ended January 31, 2013 (that is, fiscal 2013), as determined under the SEC disclosure rules, are:

- Joseph Kennedy, chief executive officer, president and chairman of the board;
- Steven Cakebread, former chief financial officer¹;
- Thomas Conrad, chief technology officer and executive vice president, product;
- Simon Fleming-Wood, chief marketing officer; and
- John Trimble, chief revenue officer.

Objectives of Our Executive Compensation Program

Hiring and retaining officers and other key employees has been critically important to ensuring continuity and stability, and in turn the growth, of our business. As a rapidly evolving and growing company in a highly competitive industry, we are managing our business for the achievement of long-term objectives rather than on a quarter-to-quarter basis. We must continually develop and refine the Pandora service while identifying and capitalizing on potential business opportunities. We recognize that our success is in large part dependent on our ability to attract and retain talented employees. Accordingly, our executive compensation and benefits program is designed to attract, retain, and incentivize a highly talented and committed team of executive officers who share our vision and desire to work toward our long-term goals.

Highlights of Fiscal 2013. Our business results for fiscal 2013 included the following achievements:

- We believe that to secure our long-term goals, the most important near-term objectives are to consolidate and strengthen our leadership position in the emerging internet radio market. We measure success in these efforts by our ability to grow listening hours, active listeners, market share in internet radio and overall U.S. radio listening, and revenues. In particular, for fiscal 2013, we reported the following business performance results:
 - Fiscal 2013 total listener hours of 14.01 billion grew 70% year over year
 - Active users reached 65.6 million growing 38% year over year
 - More than 70% share of internet radio among the top 20 stations and networks in the U.S.
 - 8.03% share of total U.S. radio listening, an increase from 5.55% for fiscal 2012
 - Fiscal 2013 revenue of \$427.1 million grew 56% year over year

Primary Elements of Executive Compensation. Our compensation committee believes it is important to pay base compensation sufficient to hire and retain employees while providing incentives for improving our business prospects. Our incentive compensation generally focuses on equity awards to align interests with those of our public stockholders and to be consistent with typical practice in the technology industry. In structuring our incentive program, the compensation committee considered the fact that our business continues to experience rapid growth during fiscal 2013. In this light, as further discussed below, the compensation committee approved a formal cash bonus program (our Corporate Incentive Plan).

¹ Mr. Cakebread’s employment ended on December 31, 2012. From January 1-31, 2013, Mr. Kennedy performed responsibilities as principal financial officer until our new chief financial officer, Michael Herring, started on February 1, 2013.

Based on the foregoing, the compensation committee used the following objectives in setting our primary elements of executive compensation (consisting of base salary, cash incentive pay and long-term equity awards) for fiscal 2013:

- provide a fixed base salary that the compensation committee believes is reasonable for our company size, industry and location;
- ensure that equity awards retain appropriate alignment between interests of executive officers and stockholders;
- set reasonable target cash bonus levels under our Corporate Incentive Plan for executive officers for continued success in the business, while maintaining the compensation committee's flexibility to determine actual bonus awards based on its review of our operations and our results throughout the year;
- continue to foster a cohesive work environment by rewarding success as a team based on company-wide performance rather than individual goals, through our Corporate Incentive Plan; and
- retain flexibility to review our compensation structure periodically as needed to focus on different business objectives from time to time.

Executive Compensation Process

Our initial compensation for newly hired executive officers generally reflects the outcome of a negotiated recruitment and hiring process in light of compensation with prior employers or other possible opportunities at the time of hiring. Therefore, some differences in compensation among our executive officers reflect the timing and circumstances of hiring.

Compensation-Setting Process. Our compensation committee determines, or recommends to the board of directors, compensation for our executive officers. We have not adopted formal policies or guidelines for allocating compensation between long-term and short-term and between cash and non-cash compensation or among different forms of non-cash compensation.

Role of Management. Our chief executive officer makes recommendations to the compensation committee or board of directors, attends board and committee meetings, except for sessions discussing his compensation, and has been and will continue to be heavily involved in the determination of compensation for our other executive officers because of his daily involvement with our executive team's efforts. He abstains from voting in sessions where the board of directors acts on his compensation and does not participate in discussions of the compensation committee where his own compensation is approved. Members of our human resources, finance and legal departments attend compensation committee meetings and provide background on materials presented to the compensation committee.

Say-on-Pay. We held our first say-on-pay vote at our stockholders' meeting in 2012. Although the outcome did not impact our decisions for the year, the compensation committee felt that the 99% approval reflected support for its approach. Because more than 75% of stockholders recommended a triennial say-on-pay vote, our board of directors decided to adopt the triennial approach. Therefore, we are not conducting a say-on-pay vote this year.

Compensation Consultant and Use of Market Data. The compensation committee has retained Frederic W. Cook & Co. Inc., or Frederic W. Cook, as its outside compensation consultant. During fiscal 2013, the compensation committee met from time to time with Frederic W. Cook, both with management present and in separate meetings, including executive sessions during committee meetings. Our management team worked with Frederic W. Cook as directed by the compensation committee to provide any information Frederic W. Cook required in order to provide its services. The compensation committee also asked Frederic W. Cook to provide

data on director compensation for review by our nominating and governance committee. We have not engaged Frederic W. Cook to provide services to Pandora outside of its work directed by the compensation committee. The compensation committee has reviewed the independence of Frederic W. Cook and determined that there are no conflicts of interest.

In considering fiscal 2013 compensation, the compensation committee reviewed public company compensation data as described below. The compensation committee's subjective analysis of appropriate payments, taking into account economic and business conditions, the compensation committee's collective experience, internal pay equity and individual negotiations, has historically been the most important factor in setting compensation.

The compensation committee, Frederic W. Cook and management worked together to choose a public company peer group for executive compensation purposes prior to the start of fiscal 2013. The peer group shown below (other than LinkedIn) was selected using industry and financial size criteria, from either the Internet Software & Services or Software GICS industries, with annual revenues and market capitalization between approximately 1/3 to 3 times that of Pandora at the time (ranging from \$100 million to \$600 million in revenue and \$800 million to \$6 billion market capitalization). In addition, LinkedIn was added to the group due to its similar profile to Pandora because of the similar timing of our respective initial public offerings. This peer group was retained for fiscal 2013. As of January 31, 2013 (using data from S&P's Compustat), we were near the median revenue and market capitalization of the peer group. In addition to providing data from this revised peer group, Frederic W. Cook provided the compensation committee with third-party survey data from Radford covering general technology companies with annual revenue between \$200 million and \$500 million. Our peer group used for review of fiscal 2013 compensation is as follows:

Ancestry.com	LinkedIn	SuccessFactors
ANSYS	Netsuite	Synchronoss Tech
Ariba	OpenTable	Taleo
Aspen Tech	Qlik Technologies	TiVo
Bankrate	RealD	Travelzoo
Commvault Systems	RealPage	Ultimate Software
Concur Technologies	Rightnow Tech	WebMD
Demand Media	Rovi	
Fortinet	SolarWinds	

Executive Compensation for Fiscal Year 2013

Base Salary

Base salaries are determined primarily based on the collective experience of the compensation committee or board of directors with hiring similarly situated executive officers, and our view of appropriate fixed pay for our geographic location. The compensation committee undertakes a review at least annually of base salary and other compensation components and compares our compensation levels to those of the peer group described above.

In January 2012, as part of its annual executive compensation review, our compensation committee approved base salary changes for fiscal 2013 for our named executive officers as shown in the table below. These changes were in furtherance of the compensation committee's objective to provide a fixed pay component that it believes is reasonable. As part of the compensation committee's review of executive compensation levels prior to the start of the fiscal year, we found that our base salaries for fiscal 2013 generally fell below the median according to the data from the public company peer group together with the Radford survey, and salaries for longer-tenured executives were well below the median of this public company group, with certain exceptions. Therefore, the increases in base salary for certain named executive officers for fiscal 2013 as shown in the table below were intended to bring their cash compensation closer to the median level of our peer group review. Other salaries were not changed because the compensation committee believed those individuals had total cash compensation that either alone, or together with equity holdings, was at a sufficient market level.

The table below shows the changes in annualized salaries for fiscal 2013:

	Fiscal 2012 Salary	Fiscal 2013 Salary
Joseph Kennedy	\$400,000	\$400,000
Steven Cakebread	\$310,000	\$325,000
Thomas Conrad	\$290,000	\$320,000
Simon Fleming-Wood	\$300,000	\$315,000
John Trimble	\$350,000	\$350,000

Cash Incentives

For fiscal 2013, we set cash bonus targets under our Corporate Incentive Plan for our executive officers and other employees (other than employees in sales). While the compensation committee reviewed financial metrics to be used for establishing the bonus pool, the compensation committee determined that due to the fast-changing nature of our business, officially establishing pre-set performance metrics would not enhance incentive efforts. Our chief revenue officer, Mr. Trimble, and other employees in sales, received cash compensation under sales compensation plans. Mr. Trimble’s total target variable compensation for fiscal 2013 remained at 100% of his base salary as negotiated with him when he was hired, with his target amount divided into two parts: 70% tied to his sales compensation plan described below because of his role as chief revenue officer with the primary responsibility for our sales performance, and 30% tied to our Corporate Incentive Plan because he is part of the executive team responsible for overall management of our company.

Corporate Incentive Plan. For fiscal 2013, the compensation committee retained target bonus amounts for our chief executive officer at 75% of base salary and for other named executive officers, other than Mr. Trimble, at 40% of base salary. As described above, the portion of Mr. Trimble’s variable compensation allocated to the Corporate Incentive Plan was 30% of his base salary. The compensation committee did not increase target bonus percentages from the prior year because it believed these amounts were providing sufficient incentives at such time.

In addition, the compensation committee indicated that its review of fiscal 2013 performance might also include other financial and operational results, such as listener hours or listener experience and execution of our overall business strategy.

Consistent with the compensation committee’s objective to reward team success, the Corporate Incentive Plan was intended to award bonuses for fiscal 2013 based on overall company performance rather than individual performance in order to focus participants on overall company improvement. The Corporate Incentive Plan for fiscal 2013 provided that the compensation committee would assess business performance after the end of the second fiscal quarter and determine, in its full discretion, whether to award a mid-year bonus of up to 25% of the full year target amount. The compensation committee believed a mid-year payment opportunity would encourage retention because eligible employees would not feel the bonus opportunities were too far in the future, while still giving the committee the opportunity to determine whether mid-year payouts were appropriate and whether adjustments were needed to the plan based on market conditions and our business.

Fiscal 2013 Payouts. As a result of its mid-year performance review (including actual and forecasted revenue), the compensation committee approved payment of 25% of the full-year target. After the end of the fiscal year, the compensation committee assessed our overall business performance for fiscal 2013, and determined to fund the bonus pool under the Corporate Incentive Plan at 77% of target. Therefore, the compensation committee approved bonus payments to each named executive officer of 77% of each individual’s target, less the amount paid mid-year. In connection with its evaluation of fiscal 2013 performance, the committee noted that while the business performed well for the first three quarters of the fiscal year, performance in the fourth quarter was not as strong as desired and revenue guidance for the fourth quarter was lowered during the third quarter earnings call. The committee also felt that this payout level was reasonable in light of the business results described above in “Highlights of Fiscal 2013.”

Chief Revenue Officer's Plan. As described above, 70% of Mr. Trimble's target variable compensation for fiscal 2013 was tied to a separate compensation plan, which would be based on contribution margin (that is, advertising revenue less direct selling expenses). Mr. Trimble's target advertising revenue level for fiscal 2013 was approximately \$400 million, depending on expenses. Smaller or large bonus amounts (but no more than \$1.845 million) would be paid based on actual achievements. His target level of revenue was not meant to reflect a corporate target level in our business plan, but was meant to provide incentives to exceed the past year's performance through increased advertising revenue combined with reducing expenses. The revenue generated by Mr. Trimble's team for fiscal 2013 was approximately \$375 million, which resulted in payment to Mr. Trimble of \$229,688.

Equity Compensation

We have granted equity awards to executive officers and other key employees to incentivize them to help increase the value of our stock and thereby align their interests with those of our stockholders. Throughout our history, we have emphasized the use of stock options to incentivize our executive officers to focus on the growth of our overall enterprise value and to create value for our stockholders. Stock options permit the employee to exercise the option at a fixed price (at or above the fair market value of the stock on the grant date) in the future. Since our initial public offering, we have begun granting restricted stock units (or RSUs), which do not have an exercise price, as a complement to stock options to help encourage retention in a volatile market.

Typically we have granted equity awards around the time an executive officer is hired with vesting in installments over a number of years (usually four years) of continued service. The board of directors or compensation committee determines the size and type of equity awards, taking into account the recommendations of the chief executive officer, and also determines the vesting schedule of the award. In addition, the compensation committee periodically considers whether to grant new equity awards to then-current executive officers in order to maintain incentive opportunities, but we do not have a regular policy of making annual refresher grants. Consistent with its objective to align the interests of executive officers with those of our public company stockholders, the compensation committee undertakes a review at least annually of equity compensation in order to ensure appropriate long-term incentives remain in place, but also considers equity awards periodically during the year.

Based on a review of the peer group data described above, the compensation committee has found that our executive equity ownership levels for longer-tenured executives as a percent of company shares outstanding are generally above median.

CEO Equity Grants. The only equity grants we made to named executive officers during fiscal 2013 were two stock options granted to our chief executive officer in March 2012. During several meetings, the compensation committee reviewed his equity holdings and considered the fact that his existing options would be fully vested in July 2013. The committee evaluated the value of continuity in ensuring that Mr. Kennedy's service as chief executive officer remained available for the longer term, in particular in light of the upcoming royalty-setting process and its importance for our long-term business prospects. In view of these considerations, the committee concluded that it was appropriate to put in place effective retention and performance incentives well in advance of the full vesting of Mr. Kennedy's existing long-term incentives, with the vesting of the new awards to begin only after the existing awards were fully vested. The total amount of the proposed new grant was determined primarily by looking at Mr. Kennedy's total compensation compared to the peer group. Because of our past practice of generally keeping cash compensation lower than median, we found that both his salary and bonus were in the bottom quartile, and the compensation committee wanted to target his total compensation in the third quartile so long as the increase and, in particular, the actual realization of value was tied to performance. The committee believed that it was appropriate to use equity compensation because it would combine:

- incentives to increase our stock price,
- retention through long-term vesting, and
- focus on long-term performance as measured through our stock price performance over a number of years.

The compensation committee believed that stock options offered the best performance vehicle for our chief executive officer at this stage of our growth as a public company because they require an increase in stock price to have value and, therefore, have a direct tie to our stockholders' realization of gains over the long vesting schedule of the options.

In determining the design of the chief executive officer's equity awards, and in light of the compensation committee's practice of granting targeted long-term awards rather than regular annual refresher grants, the committee settled upon two principal objectives for the awards:

- providing a compelling retention mechanism to preserve leadership continuity over an initial period; and
- providing additional, significant compensation for delivery of substantial value creation for our stockholders.

Noting that Mr. Kennedy's most recent equity award was made in 2010, the committee determined to award Mr. Kennedy two options in fiscal 2013, with the intention that he would not receive any additional equity grants prior to fiscal 2015. After careful deliberation and consultation with other independent members of the full board of directors and its compensation consultant Frederic W. Cook, the committee approved the grant of both a "time-based option" and a "performance-based option":

- *Time-based Option*, comprised of an option for 550,000 shares subject to time-based vesting on a monthly basis beginning in August 2013 (that is, after the full vesting of his existing options) through July 2017.
- *Performance-based Option*, comprised of an option for 800,000 shares, that will vest over time, but only if the 60-day trailing volume weighted average price of our stock is at least \$21 (called the Performance Objective) at any time during the period from the grant date until July 2017. If the Performance Objective is achieved, the option will vest monthly beginning in August 2013 (with retroactive catch-up vesting from that date if the Performance Objective is not met until a later date) through July 2017. The Performance Objective of \$21 per share was chosen as a price approximately twice the stock price at the time the grant was approved in order to require a meaningful appreciation.

Finally, the committee set the size of the Performance-based Option at 800,000 shares, compared to 500,000 shares under the Time-based Option, to reflect the committee's view that Mr. Kennedy's future compensation should be disproportionately weighted toward value creation, as opposed to continuity of service.

Other Executive Compensation Matters

Severance and Change in Control Arrangements. We believe a combination of severance and change in control arrangements will help our executive officers maintain continued focus and dedication to their responsibilities to help maximize stockholder value. In particular, we believe change in control arrangements are reasonable because the possibility of a change in control could cause uncertainty among executive officers and concern over potential loss of equity awards (which has been a significant component of their potential compensation) and therefore could result in their departure or distraction to the detriment of our company and our stockholders. In an effort to standardize these types of provisions for executive officers rather than having individual negotiations, the compensation committee previously adopted a program to provide uniform severance arrangements for our named executive officers (other than our chief executive officer, who retains an arrangement negotiated prior to our initial public offering). Our severance and change in control arrangements are described in detail below under "Potential Payments Upon Termination and Change in Control." During fiscal 2013, our compensation committee approved paying separation benefits consistent with this policy to our former chief financial officer, Mr. Cakebread, upon his departure.

Retirement and Other Benefits. Our named executive officers are eligible to participate in our employee benefit plans provided for other employees. These benefits include a 401(k) plan, group health insurance, short- and long-term disability insurance and, for our chief executive officer, under the terms of his 2004 offer letter,

reimbursement for life insurance premiums and a small amount for reimbursement for parking. We do not have a defined benefit retirement plan.

Tax and Accounting Considerations. We recognize a charge to earnings for accounting purposes for equity awards over their vesting period. The compensation committee may consider the accounting impact of equity awards in addition to considering the impact to dilution and overhang when deciding on amounts and terms of equity grants, but we do not expect the accounting impact to be a material factor in their decision-making process. We do not require executive compensation to be tax deductible for our company, but instead balance the cost and benefits of tax deductibility and our executive compensation goals.

Compensation Committee Report

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis contained in this proxy statement with management. Based upon this review and discussion, the compensation committee recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement and our Annual Report on Form 10-K for the fiscal year ended January 31, 2013.

Risk Assessment of Compensation Programs

The compensation committee, in consultation with management and Frederic W. Cook & Co., Inc., the committee's outside, independent advisor, has assessed our compensation programs and has concluded that they do not create risks that are reasonably likely to have a material adverse effect on Pandora. We believe that the combination of different types of compensation as well as the overall amount of compensation, together with our internal controls and oversight by the board of directors, mitigates potential risks.

Summary Compensation Table

The following table sets forth the compensation for each person who served as our principal executive or financial officer during fiscal 2013 and our other three most highly compensated executive officers for fiscal 2013, collectively referred to as the “named executive officers” in this proxy.

Potential Payments on Termination and Change in Control

We have entered into the arrangements described below that would provide benefits to our named executive officers if their employment is terminated or in connection with a change in control of our company, such as a change in the voting power of our company by more than 50% or a sale of substantially all of our assets.

Chief executive officer. Under the terms of his July 2004 offer letter, if Mr. Kennedy is involuntarily terminated without cause or experiences a constructive termination (that is, if he resigns due to adverse actions taken by the Company, including such actions as material reduction in salary, material relocation or material breach of his offer letter), he will be entitled to receive the following benefits if he signs a mutual release of claims:

- payment equal to 6 months of base salary or, if the termination is within 2 months before or 12 months after a change in control, 12 months of base salary;
- 12 months' accelerated vesting of equity awards or, if the termination is within 2 months before or 12 months after a change in control, 100% vesting;
- extension of the exercise period for options to at least 12 months after termination; and
- payment by us for 12 months of COBRA premiums to continue health care coverage for him and his eligible dependents.

In addition, his offer letter provides that, upon a change in control, 50% of his unvested equity awards will vest immediately and, if his remaining options are not assumed or substituted by a successor, any remaining unvested options will vest.

Other named executive officers. Our other named executive officers are eligible to receive severance benefits under our executive severance and change in control policy. This policy provides for the following severance benefits, subject to our receipt of an effective release of claims executed by the named executive officer:

- *Non-change in control severance.* If the eligible officer is terminated without cause prior to a change in control, the officer is entitled to receive 6 months of salary, health benefits and accelerated vesting of equity awards, plus a prorated annual bonus for the year of termination and outplacement services.
- *Change in control severance.* If, within 12 months after a change in control, the officer is terminated without cause or resigns for good reason (such as reduction in salary or material relocation), the officer is entitled to receive 12 months of salary and health benefits, 100% accelerated vesting of equity awards and the opportunity to extend the exercise period of certain options for up to 12 months following termination, plus a prorated annual bonus for the year of termination and outplacement services.

Estimated severance and change in control benefits. The table below provides an estimate of the value of the compensation and benefits due to each of our named executive officers in the events described below, assuming that the termination of employment and/or change in control was effective on January 31, 2013, under the arrangements described above. The actual amounts to be paid can only be determined at the time of the termination of employment or change in control, as applicable.

<u>Name</u>	<u>Involuntary Termination</u>			<u>Change in Control</u>	<u>Change in Control Followed by Involuntary Termination</u>

John Trimble	244,500	996,374	1,240,874	—	484,000	996,374	1,480,374

- (1) The “cash” severance benefits include, where applicable, salary multiples paid as severance, health benefits assuming a cost of \$2,000 per month, outplacement services assuming a value of \$5,000, and prorated bonus, each as described above.
- (2) The value of accelerated vesting of equity awards is based on \$11.52, which was the closing price of our stock on January 31, 2013, less, in the case of stock options, the per share exercise price of the accelerated options (or, if the exercise price of an option is above \$11.52, no value was assigned), and assumes that equity awards are assumed or substituted by the successor company. The value of accelerated equity under “Change in Control Followed by Involuntary Termination” for Mr. Kennedy excludes the value of his equity that vests upon the change in control regardless of termination of employment which is set forth under the column entitled “Change in Control”.

**PROPOSAL NO. 2
RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

Recommendation of the Board of Directors

The board of directors recommends that you vote “FOR” the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the current fiscal year.

The audit committee has appointed Ernst & Young LLP, independent registered public accounting firm, to audit our consolidated financial statements for the fiscal year ending January 31, 2014. Ernst & Young LLP has audited our consolidated financial statements since April 2010. During the last two fiscal years and subsequent interim period preceding their engagement, Ernst & Young LLP was not consulted by us or by anyone acting on our behalf regarding any of the matters or events set forth in Item 304(a)(2)(i) or Item 304(a)(2)(ii) of Regulation S-K. Representatives of Ernst & Young LLP are expected to be present at the annual meeting, will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to questions. Services provided to us by Ernst & Young LLP are described under “Fees Paid to Ernst & Young LLP” below.

Stockholder ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm is not required by our bylaws or otherwise. The board of directors, however, is submitting the appointment of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment, the audit committee and the board of directors will reconsider whether or not to retain the firm. Even if the appointment is ratified, the audit committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of Pandora and its stockholders.

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

As required by the audit committee charter, the audit committee pre-approves the engagement of Ernst & Young LLP for all audit and permissible non-audit services. The audit committee annually reviews the audit and permissible non-audit services performed by Ernst & Young LLP and reviews and approves the fees charged by Ernst & Young LLP. The audit committee has considered the role of Ernst & Young LLP in providing tax and audit services and other permissible non-audit services to Pandora and has concluded that the provision of such services was compatible with the maintenance of Ernst & Young LLP's independence in the conduct of its auditing functions.
